About Renewable Energy India 2018 Expo

Renewable Energy India provides the ultimate business solutions for the meetings and events industry, uniting an elite class of buyers from India and around the world.

Visitors and exhibitors benefit from the opportunity to meet with a range of international and regional buyers who have the authority to place real business. Over the years, the show has established itself as the must-attend event for the Asia-Pacific region with more than 30,000 industry visitors.

Attendees to the event get three days of power packed inter industry business opportunities within the Solar, Wind, Bio-mass/fuel, and Energy Efficiency & Energy Storage sectors.

Why should you participate?

- To keep up with the latest trends in the renewable energy industry by gaining access to the technical seminar and round table discussions;
- To utilise the free B2B matchmaking area at the European pavilion
- To meet and share views with experts from your business field;
- To present, discuss and develop new projects;
- To initiate cross-border contacts and co-operations.
